## E-STAT

E-STAT is an online learning tool specially designed for use by the educational community. With E-STAT you can generate dynamic tables, customize graphs and maps using Statistics Canada's Census of Population and socioeconomic data.

[Continue](#)

Please note that E-STAT will be archived on June 30, 2012. E-STAT will remain accessible as is until June 30, 2013, but its content will no longer be updated. It will be discontinued July 1, 2013. We encourage you to start using the free [CANSIM](#) database and to visit the [census portal](#) for timely information.
